

Arjun Nair

Full-Stack Software Developer

Kochi, Kerala | arjun.nair@example.com | 98470XXXXX

Summary

Full-stack developer with 6 years of experience designing, building, and scaling web applications using the MERN stack. Proven track record of leading small teams, owning features end to end, and improving system performance under production load. Comfortable working directly with product and design to translate requirements into shipped software.

Core Skills

Technical: JavaScript / TypeScript • React & Redux • Node.js & Express • MongoDB & PostgreSQL • REST & GraphQL APIs • Docker • AWS (EC2, S3, Lambda) • CI/CD (GitHub Actions)

Additional: Technical mentoring • Cross-functional collaboration • Agile/Scrum • Code review & design docs

Professional Experience

Senior Software Developer — Brightloop Technologies, Kochi

Jul 2023 – Present

- Lead a 4-person squad building a customer-facing analytics dashboard used by 40+ enterprise clients
- Redesigned the core data-fetching layer, cutting average API response time by 35%
- Introduced automated testing and CI pipelines, reducing production hotfixes by half
- Mentor 2 junior developers through structured code reviews and pairing sessions

Software Developer — PixelForge Softwares, Kochi

Jun 2021 – Jun 2023

- Built and maintained REST APIs for a multi-vendor e-commerce platform using Node.js and Express
- Migrated a legacy jQuery UI to React, cutting page load time by 40%
- Implemented role-based access control across 5 internal admin tools
- Collaborated with QA to establish a regression test suite covering core checkout flows

Junior Software Developer — CodeNest Labs, Thiruvananthapuram

May 2019 – May 2021

- Developed and shipped 3 client-facing features per sprint on average as part of an agile team
- Fixed 100+ production bugs across two SaaS products in first 18 months
- Wrote unit tests that raised backend test coverage from 40% to 75%

Key Achievements

- Built an internal component library adopted across 4 product teams, cutting new-feature UI development time by ~20%
- Speaker at the 2023 Kochi JS Meetup on 'Scaling React Dashboards for Enterprise Clients'
- Received the 'Above & Beyond' engineering award at Brightloop Technologies (2024)

Education

B.Tech, Computer Science — Cochin University of Science and Technology (2015 – 2019), 8.3 CGPA

Certifications

- AWS Certified Cloud Practitioner (2023)
- MongoDB Certified Developer Associate (2022)

Languages

English (fluent) • Malayalam (native) • Hindi (working proficiency)

Professional Memberships

- Member, ACM (Association for Computing Machinery), since 2021
