

Karthik Suresh

Mechanical Engineer — Production

Palakkad, Kerala | karthik.suresh@example.com | 89430XXXXX

PROFILE

Mechanical engineer with 8 years of experience in production planning and process improvement within automotive component manufacturing. Skilled at applying Six Sigma methods to reduce scrap and improve line efficiency, with hands-on experience across design, quality, and production functions.

AREAS OF EXPERTISE

AutoCAD – SolidWorks – GD&T – Production planning (MRP) – Six Sigma (Green Belt) – Root cause analysis (5-Why, Fishbone) – Shop-floor team supervision – Cross-functional coordination – Process documentation

CAREER HISTORY

Senior Engineer — Production — Anantha Auto Components, Palakkad

Jun 2022 – Present

- Lead production planning for a line producing 15,000 units per month
- Reduced scrap rate by 12% through a Six Sigma improvement project
- Supervise a shop-floor team of 10 technicians across 2 shifts
- Redesigned 3 tooling fixtures, cutting cycle time by 8%

Engineer — Production — Anantha Auto Components, Palakkad

Jul 2019 – May 2022

- Rotated across design, quality, and production functions during the trainee program
- Investigated and closed 40+ non-conformance reports with root-cause corrective actions
- Coordinated with suppliers to resolve 3 recurring component-quality issues

Graduate Engineer Trainee — Anantha Auto Components, Palakkad

Jul 2016 – Jun 2019

- Supported line engineers on daily production troubleshooting
- Assisted in the rollout of a new inventory tracking system

KEY ACHIEVEMENTS

- Six Sigma project saved the plant an estimated ₹8 lakh annually in scrap and rework costs
- Recognized with the plant's 'Continuous Improvement Award' in 2023

ACADEMIC BACKGROUND

B.Tech, Mechanical Engineering — College of Engineering Trivandrum (2012 – 2016), 7.8 CGPA

ADDITIONAL INFORMATION

Certifications: Six Sigma Green Belt (2021); SolidWorks Associate Certification (2018)

Languages: English (fluent), Malayalam (native), Tamil (conversational)

Additional Information: Internal trainer for new shop-floor hires on GD&T fundamentals
