

Sandeep Kumar

Financial Analyst

Ernakulam, Kerala | sandeep.kumar@example.com | 88480XXXXX

Summary

Finance professional with 6 years of experience in financial reporting, budgeting, and variance analysis for mid-size manufacturing firms. Known for building forecasting models that hold up under scrutiny and for clearly explaining financial results to non-finance stakeholders.

Core Skills

Technical: Financial modeling • Excel (advanced) • SAP FICO • Power BI • Variance analysis • GST & statutory compliance

Additional: Cross-department coordination • Presentation to leadership • Process documentation

Professional Experience

Senior Financial Analyst — Trident Manufacturing Ltd, Ernakulam

Aug 2022 – Present

- Prepare monthly financial reports and variance analysis for senior management
- Built a rolling 13-week cash forecast model that improved budget accuracy by 18%
- Lead the annual budgeting process across 4 departments
- Support statutory audit and GST filing cycles, closing audits with zero major findings

Financial Analyst — Trident Manufacturing Ltd, Ernakulam

Jul 2020 – Jul 2022

- Maintained cost center reporting for 6 production units
- Automated a manual month-end reconciliation process, saving 2 days per close cycle

Junior Accountant — Vertex Accounting Services, Kochi

Jul 2018 – Jun 2020

- Handled accounts payable/receivable for 15+ SME clients
- Assisted in monthly bank reconciliations and vendor payment cycles

Key Achievements

- Identified a billing discrepancy that recovered ₹12 lakh in overbilled vendor charges
- Built the finance team's first standardized monthly reporting template, adopted company-wide

Education
